

WONJIN PRODUCTS

The breath of
your life

WONJIN MULSAN CO., LTD.

The device is intended for use by medical professionals and patients at home, who are under medical supervision, in treating many conditions, such as : Primary lymphedema, Edema following trauma and sport injuries, Postimmobilization edema, Venous insufficiencies, Lymphedema.

At Wonjin, providing value to our customers is our highest priority. Our goal is to satisfy customers, based on our sincerity, trust and credibility.

Just as "he who is ready can create a new legend," Wonjin corporation has utilized our years of expertise to develop a Compressible Limb Therapy System, making a legendary success for people's health. This product is easy and convenient to use for everyone. To cultivate our competitive power domestically and internationally, we develop products, design and process technology and innovate in the area of product quality, thus opening up new markets. In addition, we are trying to establish a footing in industries related to health / medical equipment, rehabilitation and physical therapy, while we continuously expand our business areas.

Wonjin corporation will continually work to build our credibility, based on new technology and quality innovation to reward our customers' support, and will provide perfect services for our customers based on a reasonable warranty policy. Furthermore, we are making efforts to rapidly adapt to the changing market situation through constant research and development. Thank you.

Medical Device **DVT-7700** Compressible Limb Therapy System

Specification

Model. **DVT-7700**
Type. AC100~240V, 50/60Hz
Size. 198 x 77 x 264

Medical Device **POWER-Q8060** Compressible Limb Therapy System

Specification

Model. **POWER-Q8060**
Type. AC220~240V, 50/60Hz
Type. AC110~120V, 50/60Hz
Size. 440 x 330 x 180

Medical Device **POWER-Q8120** Compressible Limb Therapy System

Specification

Model. **POWER-Q8120**
Type. AC220~240V, 50/60Hz
Type. AC110~120V, 50/60Hz
Size. 440 x 330 x 180

Medical Device

POWER-Q6000PLUS

Compressible Limb Therapy System

Specification

Model. **POWER-Q6000PLUS**
 Type. AC220~240V, 50/60Hz
 Type. AC110~120V, 50/60Hz
 Size. 420 x 310 x 230

Medical Device POWER-Q6000 II

Compressible Limb Therapy System

Specification

Model. **POWER-Q6000 II**
Type. AC220~240V, 50/60Hz
Type. AC110~120V, 50/60Hz
Size. 420 x 310 x 230

Medical Device POWER-Q6000

Compressible Limb Therapy System

Specification

Model. **POWER-Q6000**
Type. AC220~240V, 50/60Hz
Type. AC110~120V, 50/60Hz
Size. 420 x 310 x 220
